## Independent Auditors' Report

To the Board of Trustees of  
Women's Health and Family Planning Association of Texas:

### Report on the Financial Statements

We have audited the accompanying financial statements of Women's Health and Family Planning Association of Texas, which comprise the statements of financial position as of March 31, 2020 and 2019 and the related statements of activities, of functional expenses, and of cash flows for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Women's Health and Family Planning Association of Texas as of March 31, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information included in the schedule of expenditures of federal awards for the year ended March 31, 2020 as required by Title 2 U. S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Report Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 26, 2020 on our consideration of Women's Health and Family Planning Association of Texas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Women's Health and Family Planning Association of Texas's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Women's Health and Family Planning Association of Texas's internal control over financial reporting and compliance.

A handwritten signature in cursive script that reads "Blazek & Vetterling".

## Women's Health and Family Planning Association of Texas

Notes to Financial Statements for the years ended March 31, 2020 and 2019

---

### NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – Women's Health and Family Planning Association of Texas (WHFPT) is a nonprofit organization founded in 1977, dedicated to the idea that Texans, regardless of financial or insurance status, should have equal access to high-quality reproductive services and control of the timing and spacing of their children. In early 2013, WHFPT became the sole Title X grantee for the State of Texas.

Title X is the only program in Texas through which minors can receive confidential family planning services. Core Title X family planning services include reproductive life plan counseling (or education on pregnancy planning or prevention), contraceptive services, pregnancy testing and counseling, help achieving pregnancy, basic infertility services, HIV screening, STI testing and treatment and preconception health services. WHFPT provided funding to 35 agencies and 151 service sites during the year ended March 31, 2020.

Federal income tax status – WHFPT is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §509(a)(1).

Cash and cash equivalents include highly liquid investments with original maturities of three months or less. Cash deposits exceed the federally insured limit per depositor per institution.

Contributions receivable that are expected to be collected within one year are reported at net realizable value. Amounts expected to be collected in more than one year are discounted to estimate the present value of future cash flows. Discounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of discounts is included in contributions revenue. An allowance for uncollectible contributions receivable is provided when it is believed contributions may not be collected in full based on historical experience and analysis of individual contribution balances.

Subrecipient advances and due from subrecipients – Program advances are made to subrecipients based on estimated services to be provided as stipulated in the subrecipient contracts and are reported as subrecipient advances. Grants to subrecipients are recognized as expense when services are provided and allowable costs are incurred. A receivable is reported for subrecipients who are determined to be underperforming.

Property consists of WHFPT's website and is reported at cost if purchased and at fair value at the date of gift if donated. Purchases over \$5,000 are capitalized. Depreciation is computed on a straight-line basis over estimated useful life of 5 years.

Net asset classification – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both.

Contributions and grants are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions and grants received with donor stipulations that limit their use are classified as *with donor restrictions*. Conditional contributions are subject to one or more barriers that must be overcome before WHFPT is entitled to receive or retain funding. Conditional contributions are recognized in the same manner when the conditions have been met. Funding received before conditions are met is reported as refundable advances.

Functional allocation of expenses – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of time and effort expended.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts of reported revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

## NOTE 2 – ADOPTION OF ACCOUNTING STANDARDS UPDATE

WHFPT adopted Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The amendments in this ASU clarify and improve current guidance about whether a transfer of assets (or the reduction, settlement, or cancellation of liabilities) is a contribution or an exchange transaction and provide additional guidance on determining whether a contribution is conditional or unconditional. These amendments have been applied on a retrospective basis effective April 1, 2018. Adoption of this ASU resulted in reclassification of previously reported activities to conform to the current year presentation but had no impact on total assets or changes in net assets for the year ended March 31, 2020.

## NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of March 31 comprise the following:

	<u>2020</u>	<u>2019</u>
Financial assets:		
Cash and cash equivalents	\$ 477,839	\$ 396,790
Contributions receivable	2,406,683	2,642,800
Other receivables	<u>37,050</u>	<u>82,706</u>
Total financial assets	2,921,572	3,122,296
Less financial assets not available for general expenditure:		
Donor-restricted assets subject to satisfaction of restriction and the passage of time	<u>(980,389)</u>	<u>(40,000)</u>
Total financial assets available for general expenditure	<u>\$ 1,941,183</u>	<u>\$ 3,082,296</u>

As part of WHFPT’s liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations become due. WHFPT is substantially supported by Title X, a federal grant from the U. S. Department of Health and Human Services (DHHS).

For purposes of analyzing resources available to meet general expenditures over a 12-month period, WHFPT considers all expenditures related to its ongoing activities, as well as the conduct of services undertaken to support those activities, to be general expenditures.

WHFPT is substantially supported by Title X, a federal grant from the U. S. Department of Health and Human Services (DHHS). DHHS issued a notice of award for the project period April 1, 2020 through March 31, 2021,

awarding \$15.82 million to WHFPT for year 2 of the project and expects funding for year 3 of a similar amount. Revenue from this conditional contribution will be recognized as allowable expenses are incurred.

**NOTE 4 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents consist of the following:

	<u>2020</u>	<u>2019</u>
Money market mutual funds	\$ 9,333	\$ 8,095
Bank deposits	<u>468,506</u>	<u>388,695</u>
Total cash and cash equivalents	<u>\$ 477,839</u>	<u>\$ 396,790</u>

**NOTE 5 – CONTRIBUTIONS RECEIVABLE**

Contributions receivable at March 31, 2020 are expected to be collected as follows:

Receivable in less than one year	\$ 2,069,756
Receivable in one to five years	<u>336,927</u>
Total contributions receivable	<u>\$ 2,406,683</u>

Two donors contributed approximately 91% of contributions recognized during the year ended March 31, 2020 and represent 95% of the contributions receivable. Two donors contributed approximately 95% of contributions recognized during the year ended March 31, 2019 and represent 100% of the contributions receivable.

**NOTE 6 – NET ASSETS WITH DONOR RESTRICTIONS**

Net assets with donor restrictions are restricted as follows:

	<u>2020</u>	<u>2019</u>
Subject to expenditure for specified purpose:		
Expansion of access to reproductive health services	\$ 1,130,410	
Innovative strategies to reduce unintended pregnancy in Central Texas	713,828	\$ 900,000
Expansion of contraceptive access in Harris County	61,789	
Policy initiatives	10,000	10,000
Building provider and community-based clinics' capacity		250,222
Provider toolkit for contraceptive counseling in Central Texas	<u>                    </u>	<u>18,611</u>
Total subject to expenditure for specified purpose	1,916,027	1,178,833
Subject to passage of time:		
Contributions receivable that are not restricted by donors but which are unavailable for expenditures until due	<u>40,000</u>	<u>80,000</u>
Total net assets with donor restrictions	<u>\$ 1,956,027</u>	<u>\$ 1,258,833</u>

## **NOTE 7 – GOVERNMENT GRANTS**

WHFPT's government grant is from the U. S. Department of Health and Human Services. This federally funded grant requires fulfillment of certain conditions as set forth in the grant contract and is subject to reviews and audits by the awarding agencies. Such reviews and audits could result in the discovery of unallowable activities and unallowable costs. Consequently, the funding source may, at its discretion, request reimbursement for expenses or return of funds as a result of non-compliance by WHFPT with the terms of the contract. Management believe such disallowances, if any, would not be material to WHFPT's financial position or changes in net assets. Should this contract not be renewed, a replacement for this source of support may not be forthcoming and related expenses would not be incurred.

## **NOTE 8 – SUBSEQUENT EVENTS**

On March 11, 2020, the Director-General of the World Health Organization declared a pandemic related to the global outbreak of the new coronavirus COVID-19 and on March 13, 2020, a national emergency was declared in the United States. The extent of the impact of COVID-19 on WHFPT's operational and financial performance will depend on developments such as the duration and spread of the outbreak, impact on donors, employees, and vendors all of which are uncertain and cannot be predicted. WHFPT does not expect this matter to negatively impact its operating results and financial position due to the nature of its funding. However, the ability for subrecipients to serve clients could be negatively impacted.

Subsequent to March 31, 2020, WHFPT entered into a five-year operating lease for office space with total future commitments of approximately \$445,000.

Management has evaluated subsequent events through August 26, 2020, which is the date that the financial statements were available for issuance. As a result of this evaluation, no other events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.

---

## Women's Health and Family Planning Association of Texas

Note to Schedule of Expenditures of Federal Awards for the year ended March 31, 2020

---

### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation – The schedule of expenditures of federal awards (the schedule) is prepared on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U. S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Federal expenditures include allowable costs funded by federal grants. Allowable costs are subject to the cost principles of the Uniform Guidance and include costs that are recognized as expenses in WHFPT's financial statements in conformity with generally accepted accounting principles. WHFPT has elected not to use the 10% de minimus rate for indirect costs.

In accordance with §200.516 of the Uniform Guidance, payments to subrecipients are reported in the schedule when distributed as agreed to through contracts with subrecipients. Annually, WHFPT reconciles actual performance provided by subrecipients to the estimated services stipulated in the subrecipient contracts. Underperformance by subrecipients is reported as Due from Subrecipients; the Due from Subrecipients is settled either by cash payment from the subrecipient or by subrecipient provision of services in the next contract cycle. WHFPT also may settle with overperformers who exceeded the estimated health services by agreeing to additional distributions to be made either from (1) funds collected from underperformers or (2) additional original grant funding available. Such amounts are reported as Due to Subrecipient. Payments to overperformers that are disbursed from amounts received from underperformers are not included again as expenditures of federal awards as they were included at the time of initial disbursement.

Because the schedule presents only a selected portion of the operations of WHFPT, it is not intended to and does not present the financial position, changes in net assets, or cash flows of WHFPT.

---

**Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Board of Trustees of  
Women's Health and Family Planning Association of Texas:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Women's Health and Family Planning Association of Texas (WHFPT), which comprise the statement of financial position as of March 31, 2020 and the related statements of activities, of functional expenses, and of cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated August 26, 2020.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered WHFPT's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WHFPT's internal control. Accordingly, we do not express an opinion on the effectiveness of WHFPT's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether WHFPT's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of WHFPT's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

August 26, 2020

**Independent Auditors' Report on Compliance for the  
Major Program and Report on Internal Control Over  
Compliance Required by the Uniform Guidance**

To the Board of Trustees of  
Women's Health and Family Planning Association of Texas:

**Report on Compliance for the Major Federal Program**

We have audited Women's Health and Family Planning Association of Texas's (WHFPT) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on WHFPT's major federal program for the year ended March 31, 2020. WHFPT's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for WHFPT's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U. S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about WHFPT's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of WHFPT's compliance.

***Opinion on Major Federal Program***

In our opinion, WHFPT complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended March 31, 2020.

**Report on Internal Control Over Compliance**

Management of WHFPT is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered WHFPT's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of WHFPT's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
